Valdemar Crest

By

SPECIAL NOTE: QO has permanently closed its PO Box and is now an exclusively online fan club!

Heyla, Misty fans!

Hope you are planning to show up at this month's RP. If you need access to the Secret Room, make sure that you message me before Wednesday, so I have time to get you set up. (Ask Herald William. These events are a lot of fun!) We have several incoming members, so hopefully they'll be approved before next month's RP. Also, if you have an idea for an RP scenario, you'd like us to play, let us know!

Misty has always wanted to see the Vanyel books made into a movie, but Hollywood has shown no interest. I hope she's paying attention now. Netflix is lining up 150 new shows. How would you like to see a 10-part series for the Last Herald Mage trilogy?

I hope you are all enjoying *Spy, Spy Again*. It helps to remember that Vanyel lived during the time of Mags's grandfather, so the kids are the age of Vanyel's great-grandchildren. That may help with some of the confusion about where on the timeline the books fall. (Hopefully, a new timeline will be included soon.)

Since cons are currently on hold, let us know if you hear about Misty popping up on anything like Zoom or in one of the Hangout events so we can advertise (and join) it.

Wear your mask, social distance and stay safe!

Zhai'helleva,

Herald-Mage Adept Danya Winterborn

Story Prompt:

As you ride into the small farming village people look up from their work to greet you. All the smiling faces are a nice change from the last place you visited. But wait, could they be just a little too friendly?

As always, if you would like any story published you can submit it to Golden Grove sn.keeper@yahoo.com with Golden Grove in the subject line.

--Herald Nalei Rayskeline

[If any other fanzine editors would like to send us story prompts, we'd be happy to publish them!]

Member Update:

From Sacree Noir:

Really short story about the kitten that has been disrupting our lives for the last few months, also pictures.

At the end of April one of my good friends was driving near our airport and saw this odd little orange thing moving about on the side of the road. Fortunately, she realized it was a kitten and stopped to rescue it. She posted about the little guy on Facebook and I just happened to see the post. Since I already had two cats, I offered to take the little guy in if no one else wanted him. Usually I adopt adult cats because they have fixed personalities and suit my couch potato lifestyle, but it was just too hard to pass up that cute little face.

Ever since Ignis has been turning our lives upside down. He has so much energy and anything that moves is fair game. Especially Sasha's tail, which is almost never still. Fortunately, Sasha is pretty energetic herself and they have, mostly been getting along. Our biggest struggles have been weekend nap times, Iggy just doesn't understand that when everyone is laying on the bed it isn't an invitation to play. He is also a bottomless pit when it comes to food! He eats twice what my girls do and still tries to eat my food too. When I asked the vet

about that she said his weight is healthy so keep feeding him, but not people food.

For your entertainment I'm adding pictures of Ignis from the first few days and from just a few days ago. I wish I had some way to show you the videos of him playing also taken at about the same times.

Member News:

Editors and Chapter Presidents, please send us updated information if you have it.

Local chapters:

The Canada Chapter is starting back up! I hope to have their updated information in the next newsletter. Who else is still active and who is not?

- **Arrows OnLine:** Contact: Adept Grayfeather kVaris (Kristi Reed). E-mail: DragonMamaK@aol.com. Arrows OnLine is the AOL chapter of QO. Chats will be held the first and third Wednesdays of each month from 8-10 PM ET. Topics will be posted prior to chat, hopefully as soon as a month in advance for book discussions. Although we have the scheduled chat, the Companion's Grove is open 24/7, and anyone can come in for informal chat. As far as instructions on how to get there . . . there are lots of hoops to jump through now. Go to the books community, find the message board link, then find the "Author AZ" message board, and find your way to the Mercedes Lackey boards from there. She's no longer a keyword, but hopefully with more traffic in the future that will change. If you don't want to jump through hoops, you can e-mail me directly, and I'll give you the links. The links to the chatroom will be on my "signature" on the boards.

- **Friends of the Pelagirs:** Contact: Morghan Savistr'i. Website: <http://www.freewebs.com/unchainedatlantic/index.htm>. E-mail: elfchilde@gmail.com. Under new care! Special Perk! If you have a Facebook account you can join the Secret Room to RP with your persona and to attend the QO RP events. Lost . . .

One of the challenges running an online club is that people don't always leave a forwarding address when they move <g>. If you are activated on the Persona List and still listed as "missing" below, let me know. I just forgot to delete the "missing" reference in the newsletter. We are missing current e-mail addresses for just about everyone at this point. If you need your email address updated somewhere on the QO site or for the mailing list, let me know. (Legend@malcor.com still works, but I am switching to Shashtah@gmail.com.)

From Healer Adept Moonstar:

Hello my friends,

It is hard for me to believe that July is skimming by so fast that I looked up and realized our newsletter is a couple weeks late. For this I apologize as I have had many personal life changes as of late.

After five months of unemployment I have accepted a full-time position and start tomorrow, assuming all my equipment gets here today. As California has been on lockdown for employees that can work from home for since Mid-March, I have been told to expect to work from home until next year sometime. To be honest I am not sure many companies will choose to have all their employees come back to offices full time even after the current crisis is over.

I have traded my oldest car for a new one. Though it is a lease, I am hoping that this model of mid-sized SUV, will be hybrid before my lease is up and I can trade it to be back into a hybrid. My current hybrid will go to my daughter.

Last night I just finished *Closer to The Heart*, and for me it did not seem to give the finality of ending for a trilogy. Anyone else have this feeling? Let us know. I am now currently reading a book my daughter recommended, *To my Trans Sisters*, by Charlie Craggs (editor), Lambda Literary Award Finalist – LGBTQ Anthology, 2019 Over the Rainbow Recommended Book List, before leaping into the family of Herald Spies trilogy.

Love and Hugs,
Moonstar
